

## Oil Strike Continues

### Union Will Meet WSB May 13

Denver, May 7—(AP)—The nation-wide oil strike will continue, O. A. Knight, president of the oil workers' International Union, CIO said today, adding that the union will attend a wage stabilization board meeting May 13 as requested.

The strike for higher wages and increased night work pay began one week ago. It has had these effects:

1. Refineries producing nearly three million of the nation's daily 6,700,000 barrels of oil daily have been shut down.
2. A 30 per cent slash in high-octane gasoline for commercial airlines and private planes took effect yesterday.
3. The Air Force has reduced training flights, involving about 12,000 pilots at U.S. bases, to conserve fuel. Military flying in Europe and Alaska also has been curtailed by the Air Force.
4. Filling station supplies are dwindling in some areas, notably around Chicago and Detroit, and some operators are rationing gasoline to customers. But Secretary of the Interior Chapman said no nationwide rationing now is planned.
5. The government has extended to all but five states its restrictions on inventories of gasoline, diesel oil and other fuels.
6. Union leaders said the Defense department must screen all applications by the armed services for oil products from strikebound refineries, but all such requests approved by the department will be granted promptly by the unions.

The strikers' original demand was for a wage boost of 25 cents per hour above the present average of \$2-\$2.10. But Knight said any company offering an 18 1/2 cent increase undoubtedly would see the strike end at its plants.

### Gen. Vandenberg, Air Force Chief, Ill In Hospital

Washington, May 7—(AP)—Gen. Hoyt Vandenberg, Air Force chief of staff, underwent a "serious abdominal operation" today and was reported afterward to be doing well.

The announcement came from Secretary of the Air Force James K. Flinn.

During Vandenberg's convalescence Gen. Nathan F. Twining will be acting chief of staff. Flinn said Vandenberg will probably be in the hospital for two weeks.

Vandenberg was stricken ill yesterday, suffering intense pain.

### C & A Bondholders To Sue B & O RR For Losses

New York, May 7—(AP)—Chicago and Alton railroad bondholders today filed a \$45 million federal damage suit accusing the Batimore and Ohio railroad of mismanagement of the Alton.

The B. & O. acquired control of the Alton in 1930.

The bondholders protective committee of the Alton accused the B. & O. of siphoning away the Alton's traffic and diverting freight revenues worth \$17,500,000.

The Alton's main line links Chicago, St. Louis and Kansas City.

The suit charged in part: "The B. & O. operated the Alton for its own benefit and not for the benefit of the Alton and diverted traffic from Alton's lines to B. & O.'s lines, and reduced hauls over Alton's lines to benefit the lines of the B. & O. and of other railroads with which B. & O. had profitable interchange arrangements."

**GALESBURG GETS LAKE FROM SANTA FE**

Galesburg, Ill., May 7—(AP)—The Santa Fe railroad's conversion from steam to diesel locomotives has netted the city of Galesburg a mile long lake, complete with park facilities and two beaches.

The lake, 1 1/2 miles long and 1/2 mile wide, is about a mile northwest of the city.

**PROWLER LIKES TO FISH**

Salina, Kas., May 7—(AP)—Claude W. Peters' bold police a prowler entered his garage and stole two fishing poles and reels valued at \$20.

But that's not all—the thief also took a spade from the garage and dug for worms in Peters' back yard.

Chinese natives have the superstitious belief that when they die they must drink all the water they have used while alive.

### Indiana GOP's Get More Delegates For Eisenhower

Indianapolis, May 7—(AP)—Indiana Republicans for Eisenhower today boosted their hopes and said they would have at least nine or ten instead of six of the state's 32 national GOP convention delegates.

Taft backers continued claiming "nearly all" of the 32.

The five adjusted sights upward as a result of triumphs in Tuesday's state primary election of state convention delegates in Marion county (Indianapolis).

Indiana GOP chiefs who are backing Senator Taft of Ohio minimized the Indianapolis results and pointed to a setback for Gen. Dwight D. Eisenhower's forces in the Gary-Hammond (Lake county) area.

The 32 Indiana GOP delegates to the Chicago convention will be chosen at a state convention June 6-7 at Indianapolis. In Tuesday's primary, 2,116 state convention delegates were chosen. Most were unpledged but a few carried Eisenhower or Taft labels.

At Gary, Eisenhower forces won only in three or four contests for 34 seats in Lake county's 133-seat state convention delegation. Taft leaders said this means Lake county's two national convention delegates will be for Taft.

Eisenhower spokesmen, who had hoped for at least one, seemed to have given up that hope.

### Grand Jury Says Coal Dealer Failed To Pay Income Tax

Danville, Ill., May 7—(AP)—A special federal grand jury today indicted an East St. Louis, Ill., coal dealer on charges of failing to pay \$401,944.72 in federal income taxes.

The 13 count indictment, returned in federal district court here, accused Carl W. Helfrick of failing to pay the required taxes in 1947-50.

He was accused of falsifying his income tax returns, failing to record income in the books of his four coal firms, and falsifying his checking account records.

U.S. Attorney William Hart said he believes Helfrick now is in Mexico. He said the government would try to extradite Helfrick.

### Stevenson Visits Illinois 44th National Guard

Camp Cooke, Calif., May 7—(AP)—Gov. Adlai Stevenson commented favorably on GI chow in a visit to Illinois' 44th National Guard Infantry division today, but added little to previous statements on its availability as a Democratic presidential nominee.

Stevenson arrived at Camp Cooke in an air force C-47 from Monterey, Calif., accompanied by Lt. Gen. Joseph M. Swing, commanding general of the Sixth army.

The governor will spend two days with his state's National Guard division commanded by Maj. Gen. Harry L. Bolen of aCiro, Ill.

### Contino Returns To Fort Ord

Los Angeles, May 7—(AP)—Dick Contino, one-time \$4,000-a-week accordionist, got a \$75 a month job today.

He was inducted into the army after passing a physical examination.

It's his second try at Donning an army private's uniform. The first time, 13 months ago, he fled Camp Ord, near Monterey, was tried for draft evasion, fined \$10,000 and sent to McNeil Island federal prison for a six months term.

Contino's explanation was that he suffered from panic claustrophobia.

He'll board a train for Fort Ord tonight, to undergo basic training.

**LONG CONTINUES STUDIES IN JAIL**

Galesburg, Ill., May 7—(AP)—Paul Long, 17-year-old Galesburg high school senior, will be pursuing his studies in jail for the next 10 days.

Long was convicted on a reckless driving charge in January, his driving license revoked, and he was placed on probation.

The judge sentenced him to 10 days in Knox County jail, but so he wouldn't miss any schooling, arranged with school authorities to map out a 10-day course of study for the youth.

Today's best ocean crossing, England to New York, is five days. In that time, U. S. airlines fly half way around the world.

## Steel Ready To Resume Negotiations

Philadelphia, May 7—(AP)—Philip Murray said today the CIO-United Steelworkers union is ready and willing, anytime and anywhere, to resume negotiations with the steel industry.

But Murray told a news conference "industry is going to have to bargain on an equal give-and-take basis—not just bargain down."

The silver-haired steelworkers president, who is also head of the national CIO, said the union has bargained "for more than five months in good faith—but not the industry."

Murray said "all bargaining has ceased and the union was ready to strike when President Truman suggested the issues be turned over to the Wage Stabilization Board for recommendation." He went on:

"The union agreed. So did industry. But when the WSB handed down its decision, the union accepted. Industry refused."

"Now industry wants to bargain once more, but it wants to bargain down the recommendations of the board. And we will accept nothing less than those recommendations."

Registering a landslide victory in his native Ohio, Taft surged well in front of Gen. Dwight D. Eisenhower in the battle for delegates by capturing the state's entire 56-vote delegation.

His opponent, former Gov. Harold E. Stassen of Minnesota, scored a blank. Eisenhower was not entered in the contest, though most of Stassen's delegate candidates had promised to turn to the general as their second choice at Chicago.

The latest Associated Press tabulation—based on the known alignment of delegates chosen so far—showed the front-running candidates in this order:

Republicans—Taft 332, Eisenhower 280, Stassen 23. (Taft himself

Washington, May 7—(AP)—Three big railroad operating unions said today they will ask the Supreme Court to rule on the government's seizure of railroads at the same time it rules on President Truman's seizure of the steel industry.

The court has scheduled arguments for next Monday on Judge David A. Pine's decision that seizure of the steel mills on April 8 was illegal and unconstitutional.

Attorneys for the three brotherhoods—the engineers, conductors and firemen—said in a statement here they have filed notice of appeal with the U.S. appeals court in Cincinnati, challenging a no-strike order issued by the U.S. district court in Cleveland April 23.

That order prohibits an estimated 150,000 members of the three unions from striking. The roads were taken over by the government in 1950 to avert a threatened strike by two of the four operating unions. The government has been in technical control of them ever since.

### Truman Observes Birthday Feeling Like Young Man

Washington, May 7—(AP)—President Truman boasted today of feeling like a young man of 28 as he day.

"Tomorrow is a double anniversary prepared to observe his 68th birthday for Truman since it marks the date on which he announced the surrender of Germany in 1945, less than a month after he succeeded to the presidency upon the death of Franklin D. Roosevelt."

Aides said Truman had no special plans for his birthday tomorrow. He invited in more than 1,400 press and radio representatives to a reception at the White House this afternoon.

### Indictments In Horse Meat Sales

Danville, Ill., May 7—(AP)—Four individuals and two companies today were indicted by a special federal grand jury on charges of violating federal regulations regarding the sale of horse meat.

The indictment, returned in federal district court, Danville, named Meyer Ditlove, of Berwyn; Francis T. Dawson and Robert Hill, both of Danville; and Andrew H. Rowe, of Terre Haute, Ind.

Firms named were the Danville abattoir, a horse slaughtering plant operated by Ditlove, and the Paris Provision Co., Paris, Ill.

Ten counts of the 15-count indictment charged the defendants with selling horse meat at over the Office of Price Stabilization ceiling of 10 cents a pound.

**ATTORNEY MAKES PLEA FOR MISSOURI KILLER**

San Francisco, May 7—(AP)—An attorney for William E. Cook told the California supreme court today it should commute the Missouri killer's death sentence to life imprisonment because he was "obviously insane."

Attorney John Connolly of Oklahoma City, Okla., admitted before the California court, sitting en banc, that the former Joplin, Mo., dishwasher kidnapped nine persons and killed six of them.

**7 KILLED IN TRAIN CRASH**

Sydney, Australia, May 7—(AP)—A speeding electric train crashed into a rear of another train waiting at a station during a dense morning fog today, killing seven persons.

More than 100 were injured, 84 seriously enough to be taken to hospitals.

## Taft And Kefauver Lead Delegate Race

By the Associated Press

Tennessee's Estes Kefauver and Ohio's Robert A. Taft swept into the lead in the nation-wide races for delegates yesterday (Wednesday) and both promptly posted claims of virtually certain victory at the Chicago presidential nominating conventions in July.

Kefauver said that on the basis of a striking upset in Ohio—and a strong but losing display in Florida—he is now "practically assured" of winning the Democratic nomination.

Taft told newsmen he will "never be headed" in his bid for the Republican prize.

Registering a landslide victory in his native Ohio, Taft surged well in front of Gen. Dwight D. Eisenhower in the battle for delegates by capturing the state's entire 56-vote delegation.

His opponent, former Gov. Harold E. Stassen of Minnesota, scored a blank. Eisenhower was not entered in the contest, though most of Stassen's delegate candidates had promised to turn to the general as their second choice at Chicago.

Republicans—Taft 332, Eisenhower 280, Stassen 23. (Taft himself

Washington, May 7—(AP)—Gen. H. T. Vandenberg, arguing against a cut in military funds, said today that by 1954 Russia will have the means of launching a long-range atomic attack against the United States.

The air force chief of staff said: "Unless effectively opposed and countered, this attack could neutralize our own ability to retaliate and at the same time could seriously cripple certain key centers of the industrial productivity upon which we depend for ultimate victory in war," he said.

His statement was read to a closed session of a Senate armed services subcommittee by his vice chief of staff, Gen. Nathan F. Twining, and made available to the press.

Vandenberg himself is recovering from an abdominal operation today.

### 15 Men Charged With Violating Gambling Law

Danville, Ill., May 7—(AP)—A special federal grand jury today indicted 15 Illinois men on charges of violating a federal anti-gambling law.

The indictments, returned in federal court here, accused the men of repairing gambling devices without registering with the United States attorney general.

Under provisions of the Johnson act, all dealers in gambling devices must register with the attorney general.

**NEW PATTON TANKS TO U.S. TROOPS IN WEST GERMANY**

Heidelberg, Germany, May 7—(AP)—The U.S. army announced tonight American troops in West Germany now have new M-47 Patton II medium tanks. They are hailed by ordnance experts as the most maneuverable tank in the world.

The 45-ton tanks, reportedly capable of traveling 35 miles an hour, were named after the late Gen. George S. Patton Jr., World War II commander of the U.S. Third army.

**BARBARA PAYTON AND FRANCHOT TONE TO DIVORCE**

Los Angeles, May 7—(AP)—Blonde Barbara Payton has agreed that her husband of a few months, Franchot Tone, will be the one to get the divorce, on cruelty grounds, the actor's attorney said today.

West Virginia is major coal site of the U. S., producing about 150,000,000 tons annually.

**GOVERNMENT SUSPENDS CONTROLS ON INSTALLMENT BUYING**

Washington, May 7—(AP)—Controls over installment buying were suspended today because the government decided inflationary dangers have eased off.

For the consumer, the decision means no government requirements as to down payments or time to pay for automobiles, furniture, radio and television sets, and scores of other items.

Many authorities said the result would be a trend toward small down payments and more time to pay. Dealers and finance companies still may impose their own terms, in the absence of government regulations.

Industry hoped for an immediate boost in sales, which have been lagging in some fields. But some of

## Korean Truce Talks Nearer Collapse

### Truman Says Not To Buy Armistice

Washington, May 7—(AP)—President Truman put the stamp of finality on the United Nations stand in Korean truce negotiations today with an assertion that "we will not buy an armistice by turning over human beings for slaughter or slavery."

His formal pronouncement was the climax of a series of official American statements on the issue, all aimed at making clear to the Communists and to the world in general that there will be no more concessions.

The president followed up statements from:

1. Deputy Defense Secretary William C. Foster who told newsmen that the package deal offered to the Reds in Korea was "final" but not an "ultimatum." He confirmed that a naval blockade of Communist China and direct attack on the Chinese mainland have been considered among actions that might be taken in event of a final breakdown of truce talks.

2. Secretary of State Dean Acheson who described the Communist-rejected formula as "fair and reasonable" and told a news conference that if the Communists really wanted a truce they would accept.

As proposed by Gen. Matthew B. Ridgway—and turned down by the Reds—the offer was to get all the remaining truce obstacles out of the way by (a) allowing the Reds to repair and build North Korean air fields, (b) throwing out the Communist proposal to bring in Russia as a "neutral" nation to help police a truce and (c) dropping the Red demand for repatriation of all prisoners of war whether they want to go back to their own lines or not.

The last item in that list is the one on which the United States took its firm stand. This country insists that it should return only those who want to go back. The Reds, apparently stung by the propaganda effects, have been adamant since it came to light that only 70,000 of 170,000 soldiers and civilians held by the U. N. have said they are willing to go.

The three parts of Gen. Ridgway's proposal are all parts of a whole," Truman said. "They must be considered as an entity—not piecemeal. Our agreement is contingent upon acceptance of the whole proposal. This is our position."

It has become obvious, Truman said, that the truce issues now outstanding can not be resolved separately. He said this country "fully approves and supports without qualification" the Ridgway formula for settling them all at one time in a "just" manner.

### Atomic Shot In Yucca Flats

Las Vegas, Nev., May 7—(AP)—Atomic scientists switched back to a brilliant shot in the dark from a 300-foot tower in Yucca-Flat today. It outlived buildings here 75 miles away.

The flash, occurring at 3:15 a.m., Pacific daylight time (6:15 a.m., CST), appeared as a quick blink in the pre-dawn sky in Los Angeles, 250 miles away.

The explosion was not felt or heard in downtown Las Vegas, but the communities of Caliente, Nev., and St. George, Utah, about 125 and 175 miles northeast of the test site, got the concussion. It was not felt as strongly as some previous blasts, however.

No damage was reported.

**FORMING ARMY**

Berlin, May 7—(AP)—East Germany's Communist rulers announced tonight they are forming an army to defend the Soviet zone "against aggression."

The ruling Socialist Unity (Communist) party made its plans known in a cable to the Kremlin, addressed personally to Prime Minister Stalin.

### COMMUNIST MORAL DEFEAT MAY COST U.N. ARMISTICE

Munsan, Korea, Thursday, May 8—(AP)—Communism has suffered a resounding moral defeat on the war prisoner issue, but this may cost the United Nations an armistice in Korea.

The Communists are so mad about the astonishing number of Allied-held prisoners who refuse to return to Red soil that they may never agree to a truce.

The number of bona fide prisoners of war in U.N. camps who say nix to the whole Communist world totals 57,899 Chinese and North Korean.

A competent United Nations officer said this mass renunciation of Communism constituted the greatest defeat Communism has suffered since the Reds seized power in Russia.

**Men Do Not Have To Return**

Vice Adm. C. Turner Joy, the senior U.N. negotiator, told the Communists yesterday that the Allied decision to refuse to force these men to return home was "final and irrevocable."

If the Communists refuse to back down on their demand for forced repatriation, there are these possibilities:

1. More fruitless discussion. 2. Interim truce. 3. A complete breakdown.

Joy would not likely let possibility No. 1 last long. He told the Communists yesterday he was ready to meet whenever the Communists wanted "explanation or amplification" of the U.N. stand. "Otherwise, don't bother me," he implied.

The Communists may ask for a suspension of talks if they realize the U.N. stand is firm and final. Then sessions would be held only intermittently when the Communists had something to offer or a complaint to lodge, such as a neutrality zone violation.

Both sides are reluctant to make a complete breakdown, facing the possible wrath of world opinion over resumption of bloody fighting.

There is always the possibility the Reds may bow to the Allied stand. There is also the avenue of compromise. The Reds might agree to the U.N. proposal, which was to accept the 70,000 prisoners who now say they are willing to return to the Communist side. Then the fate of the balking 57,899 would be decided by a screening by neutrals with Communist observers.

That sounds like a fair offer, and the Communists might accept. If they don't, the chances are there never will be a final settlement in Korea short of a military surrender.

### Senate Passes Bill For Mine Safety

Washington, May 7—(AP)—The Senate passed today a bill putting teeth in the federal mine safety code.

Inspectors of the bureau of mines long have had authority to inspect mines and make safety recommendations. But they had no enforcement powers. Enforcement was left entirely to the states under their own state mine regulations.

Under the new legislation, the secretary of the interior would be permitted to fix safety standards for mines and it would be a misdemeanor for an operator to violate them.

And federal inspectors could order a mine closed down if they found conditions of imminent danger. It would be a felony for an operator to fail to comply with such an order.

**SENATE CHALLENGES McGRANERY'S ABILITY**

Washington, May 7—(AP)—District Attorney Richardson Dilworth of Philadelphia denounced Federal Judge James P. McGranery as "fundamentally a small-time politician" at a senate hearing today in challenging McGranery's fitness to become attorney general of the United States.

Dilworth told newsmen that was the gist of his testimony at a closed-door session of the senate judiciary committee which is weighing President Truman's nomination of McGranery for the No. 1 justice department post. Truman named McGranery to succeed J. Howard McGrath after McGrath fired Newbold Morris as federal anti-corruption chief on April 3.

### Reds Reject Compromise Of Allies

Munsan, Korea, Thursday, May 8—(AP)—Korean truce talks — verging on collapse offer Red rejection of the Allies' final compromise offer — continue at Communist request today. The outlook is dark.

The Reds gave no reason in asking for another top-level session at Pannunjom at 11 a.m. (8 p.m. CST Wednesday), with the shroud of secrecy removed.

Secret negotiations broke down Wednesday over the key issue of prisoner exchange.

The United Nations command, declaring it never would force prisoners to return to Red soil against their will, said bluntly that further debate was pointless and called for an indefinite recess. Each side said it was up to the other to give in.

The Communists then asked that the delegates meet again today.

Although the Communist motives were not clear, there was no mistaking the Allied position.

**We Cannot Retreat**

Gen. Matthew B. Ridgway declared in Tokyo: "Our position is one from which we cannot and shall not retreat. The responsibility for peace in Korea rests on the Communist leaders."

(President Truman backed up Ridgway with an emphatic statement that the United States would not

## "NATION" IN CORONATION

Britain's Queen Elizabeth II has decided to put off her coronation until June 2, 1953—for reasons of state that went without stating. After all, there was no need to say that the spectacle associated with that solemn yet joyous ceremony will be a greater asset to the country if it is postponed until the summer after next.

Elizabeth could have been crowned this year had she wished. But the pageantry would have been largely wasted—or at least it wouldn't have been turned to the greatest possible account. The tourists who will go to England this year began to get ready months ago, because it's necessary these days to make arrangements for a trip abroad well in advance.

Those tourists put down their deposits before there was any prospect of coronation. They will go through with their plans with or without. So, since the tourist business for 1952 will not suffer if the coronation is deferred, why have it this year?

To wait until 1953 will mean that preparations can be made to bring more tourists to London than would otherwise come. The coronation will get them there early in the season—note the date. Then, perhaps, they can be kept a good part of the summer enjoying Britain's many charms and perhaps certain special attractions busy brains can think up. There's a chance, too, that things may be a little more settled in 1953. They might even be so settled that the coronation will provide a needed and welcome tonic.

Anyhow, the pageantry of this ancient ceremony will be used to the country's best advantage. Queen Elizabeth might like to be crowned this spring, or next fall, when cool weather would be likely to make the ordeal less trying. She might prefer to hurry up and get it over with. But the nation's welfare is determining. Therefore it will not be until June 2, 1953 that she will be formally crowned in accordance with the ancient ritual.

## "SHORT" COURSE IN QUICK CORRECTION

In some states and cities, the department of correction is an agency concerned with administering penal institutions and the like.

In the United States government, it is a special arm of the executive branch, with headquarters in the White House. Its purpose is setting the record straight after President Truman has held one of his regular press conferences.

Its services were called upon most recently to explain that an ultimatum which Mr. Truman said he had sent to Joseph Stalin had not in fact ever been issued.

Joseph Short, the President's secretary in charge of the press relations of the White House, deserves the admiration of us all. As head of the department of correction in Washington, he is called upon to act with speed and often amazing ingenuity in the performance of his arduous duties.

## RUSSIA'S LURES

Seeds of future worries for American diplomats were sown in the recent trade conference at Moscow attended by 400 delegates from Europe, Asia and North America.

Russia offered to buy depressed textiles from Britain and Japan. In return Russia would supply grain, timber and other raw materials badly needed by Europe and Asia and also some steel and machinery.

Russian offers are planned as lures to tempt Europe and Asia to break the strategic blockade which has cut exports to Russia which the reds could use in their military buildup. As nations become customers of Russia, they become dependents and gravitate to the Russian sphere of influence.

Dissension over what Western Nations could ship to Russia could weaken the loose unity of the free world. In a trading atmosphere there would be a growing tendency not to regard Russia as warlike with world conquest its goal.

## Boyle's Column

### JUST A FEW YEARS AND TEARS AGO

By HAL BOYLE

New York. (P)—Seven years ago this week the guns ceased fire in Europe, and a way of life they never existed for millions of Americans.

It was the way of war. The news had been expected along the front for days the linkup of the American and Russian forces along the Elbe river had made a German surrender only a formality. But when word of the final surrender did come it raced through the battle lines like a surf of joy.

Yet in the hour of victory there came a strange lack of wild elation among the combat troops. They had fought too long and too hard for that moment, and they were over-joyed.

And in most soldiers' hearts there was a worry. Hitler is down, but Hirohito is still to go. Will I have to go to Japan now?

It is no criticism of the courage of these troops to say that most of them had no enthusiasm for a long journey to the Far East and more fighting there.

Most of the men just pattered in small groups and talked it over—and there really wasn't too much to say.

I remember that night... Tracer bullets loomed lightly through the darkness as someone growled "there's another trigger happy fool celebrating." Cigarette butts glowing and dying like fireflies in the lips of men stretched flat on their backs and staring up at the sky and thinking long, long thoughts of those away.

Already this mighty army, its task done, was beginning to disintegrate. The men no longer were thinking of the common goal ahead—a river to be crossed, a ridge mass to be stormed and taken. They were being pulled apart by the tugs of peace, the possibility of going back to their own private lives.

Hollywood — (NEA) — Eric Finza usually claims up when he's tossed questions about "Mr. Imperium" and "Strictly Dishonorable." His only two starring movies for MGM. But he let me know today that he's not "one little bee" downhearted about his screen career.

In Hollywood for Fox's "Tonight We Sing" and his NBC-TV program Eric admitted that he's wide open for movie parts "eer"....

"Eef they're believable," the Enchanted Evening man said. "Only thing I believe as I should switch from being lover to actor who ees character man and leading man all eeen one."

"I don't wan't to be a wishy-washy type lover. I don't wan't to be a lover at all. A love scene I will play, yes, but I should make love. Ees best, though, that it should be so natural it could happen, like 'South Pacific'."

Eric on critical comment that Lana Turner was much too young to be his movie co-star:

"Lana ees not 16 years old. My wife ees younger than Lana and nobody says our marriage is not believable."

Sam Goldwyn, as Ed Murrow's TV guest, was asked if he thought people would continue to go out to the movies when they could get free TV at home.

"Of course," said Sam. "People have cooks, but they still go out to dine."

And how much do you pay your cook?

## The MATURE PARENT

### Learn to Fight Hatred Before It Infects Child

BY MURIEL LAWRENCE

Early one afternoon, after settling four-year-old Toby for his nap, young Mrs. Williams walked out of her mother-in-law's house. She took a bus downtown to the office where she had worked before her marriage, and got her old job back.

That evening, her knees shaking, she broke the news to her husband and his mother. Her voice a little unsteady, young Mrs. Williams said "If it's been money that has been keeping Fred, Toby and me from a home of our own, I'm going to help get the money."

Some months later, she got it. But when she had bought the home she had wanted so, she discovered that she also had an unhappy angry little son to put into it. And she began to wonder if she'd made a terrible mistake.

Exhausted, bewildered after one of Toby's screaming tantrums, she's think wildly, "Oh, what have I done? He hates me for leaving him to go to work. This is what I get for wanting a home so much. What have I done to my baby?"

Young Mrs. Williams hadn't done anything—except to emulate that famous little monkey who squats with his two brothers on mantels, his paws tight over his eyes and sees no evil.

Young Mrs. Williams, so well grounded in grammar, history, ballroom dancing, stenography and other subjects considered essential to her social survival, has never had five minutes instruction in the ingenuities of hate.

Though emotionally aware that her husband's mother has resented losing a son to his independent home, nobody had ever told her that we have to use our heads as well as our eyes when we are hated.

She would have been shocked if anyone had said, "Take precautions against jealousy."

She had no idea that Toby bit her and screamed because jealousy had said to him, "Don't go looking for your mother out of the window like that. She doesn't love you. Mothers who love children stay at home to take care of them. They don't go to work."

A psychiatrist had to remove the thorn of planted terror for Toby. After he had time to recover, young Mrs. Williams' small son was able to believe that his mother loved him, and he could kiss her goodnight again.

But hate shouldn't have been able to get away with it. It wouldn't have if young Mrs. Williams' education had not been so badly neglected.

Someday we are going to be wise enough to talk about hate to our children as openly and impersonally as we tell them about matches and red traffic lights.

Perhaps our physical hygiene teachers will be able to take a little time to tell students how hate can be diagnosed. Then young mothers like Toby's won't be hurt when they are exposed to it. They'll say to themselves, "I am made to feel worthless, stupid, selfish and clumsy. I guess someone's sick with hate around here."

They will then take precautions, washing the hate from everything that is handed to them. They will either immunize themselves or move away from the contaminated area. They will not feel ashamed of their desire to live in a wholesome place.

The monkey with his paws over his eyes is a dangerous little animal. We should remove him from the mantel piece where children can see him and grow fond of him. If we want something on the mantel piece to replace him, we might try framing this Biblical Proverb: "Let thine eyes look right on and let thine eyelids look straight before thee."

### Hearing Aids Recommended In Cases of Slight Hearing Loss

BY EDWIN P. JORDAN, M.D.  
Written for NEA Service

Too many people who have lost some of their ability to hear well put off using hearing aids. Sometimes this is because they do not know their hearing has suffered. Often the family and friends of a person who is slightly deaf becomes aware of the hearing difficulty long before the patient does himself.

Many people who are slightly deaf for some reason feel that wearing a hearing aid hurts their pride. This is curious, because it is no more the patient's fault when the hearing becomes less acute than it is when one develops defective vision and wears glasses.

Loss of hearing of different tones usually is not equal, just as hearing loss may not be equal in both ears. Many people, for example, can continue to hear low tones just about as well as ever even after their ability to hear high tones has become seriously impaired.

Hearing is often better some days than others. A person who is slightly deaf may be able to hear spoken voices well in a relatively quiet room, but may hardly be able to hear anything when there is noise in the background, such as the noise of street cars or elevated trains.

Hearing for such things as symphonic music may be retained after ordinary business conversation has become exceedingly difficult.

Several manufacturers have acceptable instruments on the market. There are several varieties and models to choose from. Whether or not the manufacturer or agent supplies an adjustment service for those whose instruments require it is one of the factors to be used in picking the hearing aid.

In choosing a hearing aid, it is

important to pick one which is, or can be, adjusted to the peculiar defects in hearing of the person who wears it. The Council on Physical Medicine and Rehabilitation, (American Medical Association, 535 North Dearborn St., Chicago 10, Illinois), has prepared a list of acceptable hearing aids.

The adjustment to the individual requires some knowledge of the degree of hearing loss and the nature of it. That is, whether the loss is greater for some tones than for others.

An electrical hearing aid has many intricate parts and even if adjusted to the hearing of the wearer at first, it may require additional adjustment later on. The batteries which supply the electrical energy have to be kept up.

A hearing aid is sometimes worn for a while with satisfaction and then discarded because it does not seem to continue to supply the benefit which it did at first. This is not always the fault of the device and sometimes all that is necessary is suitable adjustment.

Wilson, who quit as defense mobilizer in a squabble over the WSB's recommendations, urged Congress to take away WSB's present authority to handle disputes.

### Don't Let Child's Pestering Sway Your Better Judgment

The father of a young boy seriously hurt when his motor scooter was hit by an automobile said: "I've been afraid this would happen. But the boy wouldn't give me any peace until I bought him a scooter." We're buying peace at a pretty high price whenever we give in to a child's teasing and finally let him do something we know is foolhardy or dangerous or unwise.

The trouble is, the habit of giving in to get a little peace usually starts when a child is young. It doesn't seem very important at first. The issues are small and danger usually isn't involved at all.

But right then and there we are setting a pattern. The pattern is that if the child teases long enough he will get his own way. Then when the child is a little older, the important decisions start coming up.

CHILD PAYS PRICE FOR WINNING OUT  
Can he do this or that or have this or that if he keeps pestering his parents?

If through the years of early childhood he has found that he usually can wear them down if he keeps teasing long enough he'll keep it up until he finally gets his way.

Of course, he may eventually have to pay the price for winning out against his parents' better judgment—as did the boy who enjoyed his motor scooter only a few brief months before he was finally seriously injured in an accident.

But easy-going parents often lose sight of the price the child may have to pay for their "peace."

If common sense and mature judgment tell you that "no" should be your answer to a child and you make the answer "yes" because you are tired of holding out, you are doing the child a great wrong. The boy hurt on his motor scooter wasn't responsible for the tragedy. His father was. He finally said "yes" when he knew in his heart he should stick by his first "no."

## The World Today

BY JAMES MARLOW

Washington, May 7. (P)—The Wage Stabilization Board (WSB) is like a boy who got permission to stick his fingers in the jam and then fell into it up to his neck. In this case the jam was the steel dispute.

Back in the fall of 1950 when Congress gave President Truman authority to set up machinery for controlling inflation, he created WSB to sit on wages and the Office of Price Stabilization to hold down prices. WSB's job then was to keep employers from raising wages too much.

At that time it had nine members: three from organized labor, three from industry and three representing the public. It soon became clear the nine didn't get along well together.

This was revealed when the board tried to work out a formula controlling wage increases to keep them in line with living costs and prices. On Feb. 15, 1951 the board said raises would be limited to ten per cent.

The industry and public members voted for that. Not the labor members. They walked out, ruining the board. They thought 10 per cent should have been the lowest limit.

But labor had another complaint about the inflation machinery, particularly against Defense Mobilization Charles E. Wilson. They said he didn't have labor people in the group around him making policy.

After a couple of months, Truman reorganized the board, changing it from nine to 18 members. Now there were six from labor, six from industry and six representing the public. By executive order Truman gave the new WSB extra and far-reaching power.

He said that when collective bargaining between a union and an employer broke down the WSB could step in and settle disputes involving more than just wages. For instance, the union shop. Business didn't like this, especially because there was other machinery the government could use without giving WSB this new and increased power. For example: The Taft-Hartley act which permits the government to get a court order delaying a strike 60 days.

Nevertheless, the board rocked along until last December when Truman told the WSB to step into the steel dispute when bargaining broke down between the CIO union and the industry.

Some weeks later the board—but not the industry members—recommended a healthy wage increase for the union, plus other benefits and the union shop. That was the start of all that has happened since.

The mill owners, who said they couldn't afford the wage raise without a price increase of about \$12 a ton, reacted violently against WSB and the powers it had.

Congressional critics, of whom there were plenty, did the same. The upshot: Demands in Congress that the board be stripped its new power and reduced to what it was in the fall of 1950—simply an agency for sitting on wages with no authority to settle disputes.

Now the House labor committee has begun an investigation of the board and its policies. Yesterday it called Wilson to learn what he thought.

Wilson, who quit as defense mobilizer in a squabble over the WSB's recommendations, urged Congress to take away WSB's present authority to handle disputes.

## EDSON IN WASHINGTON

### 'Union Shop' Issue Critical in Settlement of Steel Dispute

Washington — (NEA) — While current developments in the steel wage case overshadow the "union shop" issue, it is one of the more important, though less emphasized, points of controversy preventing settlement of this major labor dispute.

Most of the headline attention has been centered on presidential seizure of the steel industry and wage rates. But recent growth of union shop negotiations in rail, aircraft, automotive and other big labor disputes make the question worth close study and better understanding.

The union shop is of course, created by a labor union contract providing that every person hired by the employer must join the specified union and pay union dues.

In a "closed shop" the employer can hire no one who is not already a member of the union. In an "open shop" both union and non-union members may be hired but there is no bargaining by the union for all employees as a group.

Modification of these various conditions of employment include "maintenance of membership" and "sole bargaining agent" contracts. In the former, present members of the union must keep their membership, but new employees are not forced to join the labor organization. In the latter, as the name implies, the union is recognized to bargain with management on wages and working conditions of all employees, whether they belong to the union or not.

The closed shop, though well established in building trades, typographical and other A. F. L. unions was outlawed by the original Taft-Hartley law. This provision was amended last year, however, to approve union shop contracts without employee elections.

NLRB ELECTIONS APPROVED UNION SHOP

Up to the time this amendment was passed, National Labor Relations Board had been forced to conduct an election in which a majority of the employees had to approve a union shop contract before it could put them into effect. After 47,000 of these elections had been held, 45,000 of them approving the union shop, NLRB was relieved of this costly responsibility.

There are today some 100,000 union labor contracts. They cover between 15 and 16 million union members, or about one-fourth of the total labor force. Last year the Department of Labor made a survey on 2651 of these contracts. This was only 24 per cent

of all the contracts, but it included nearly all the big organized plants and it covered over five million workers, or nearly a third of all union members.

The same survey showed 61 per cent of all contracts had union shop, 13 per cent had maintenance of membership and 26 per cent had sole bargaining agent provisions. By numbers of employees, the survey showed 58 per cent covered by union shop, 16 per cent by maintenance of membership and 26 per cent by sole bargaining agent contracts.

The union shop idea is therefore seen to be nothing new or radical. Such major companies as Chrysler, Ford, General Motors, Crucible Steel, Kaiser, New York Central, Baltimore & Ohio, Firestone, Goodrich and Goodyear have union shop contracts. All coal mining companies covered by United Mine Workers' contracts have union shop conditions.

PRO-CON ARGUMENTS SAME FOR CLOSED SHOP

Growth of the union shop contract can be traced and in part attributed to the Taft-Hartley closed shop ban. The arguments for and against the union shop are basically the same as the arguments for and against the closed shop.

Organized labor leaders and union members like the union shop because it eliminates the "free riders"—the non-union members who reap all the benefits of increased wages and pension plans without having to bear any of the burdens of union dues or picket line duty.

Furthermore, union leaders argue that a union shop contract promotes union security and employee security, thereby removing a major ground for labor disputes and so promoting stable labor relations and industrial peace.

In opposition to the union shop idea, the main argument is that it violates individual liberties and freedom of choice. To require anyone to join any organization—a union, a political party or a church—as a condition to getting and holding a job is said to be contrary to the Constitutional Bill of Rights.

Compulsory union membership is also said to promote union monopolies, bad leadership in unions and the right of the labor bosses to force discharge of any employee who does not pay union dues.

In back of all this is the fear of many employers that the union shop is a "foot-in-the-door" approach to union usurpation of the functions of

## Chartered Bus Takes Tuesday Club To Normal

Members of the Tuesday club enjoyed an unusual meeting Tuesday to conclude the season of the club for the season. At 9:30 in the morning the club members and the following guests, Mrs. John Taylor, Mrs. Waldo McCreary, and Mrs.

Hugh Gibson, boarded a chartered bus from the Jacksonville Trailways for a trip to Normal, Illinois. They were guests of Mrs. Harold R. Gibson, of Normal, club member and former resident of the city.

Enroute delightful entertainment, including treats and surprises, were provided aboard the bus and arranged by Mrs. Charles Wright and Mrs. Nate Conrod.

Mrs. Gibson met her guests upon arrival in Normal and entertained at luncheon at the White Fence Tea Room. After lunch a most interesting tour of the building and grounds of the Illinois State Normal University was conducted by Dr. Harold Gibson and student assistants. The group made the return trip by bus arriving back in Jacksonville at six o'clock. The next meeting of the Tuesday Club will be held in September.

### Anna C. Johnson Called By Death Early Wednesday

Mrs. Anna Cordes Johnson, wife of Harry E. Johnson, 1030 Grove street died at 5:15 a. m. Wednesday at Passavant hospital where she had been a patient for a week.

Mrs. Johnson was born May 20, 1872 at Harrisburg, Penn., the daughter of Louis Christian and Emma Brubaker Cordes. On August 28, 1901 at Chicago she was united in marriage with Harry E. Johnson who survives with two daughters, Mrs. Margaret Puterbaugh of Urbana and Miss Elizabeth Johnson of Springfield. There are two grandchildren. Two nieces survive, Mrs. Ed Ericson of New Berlin and Mrs. Carlyle Scott of this city. One sister survives, Mrs. Leonard H. Whitlock of Jacksonville. A brother, Milton Cordes, preceded her in death in 1951. The deceased was a member of the Episcopal church at Redfield, South Dakota and of the OES at Redfield. For the past 40 years the family has lived in Jacksonville.

The body was taken to the Gillham funeral home where services will be held at 2 p. m. Friday. Rev. R. M. Harris of Trinity church will officiate. Interment will be made in the Memorial Lawn cemetery.

The family will meet friends at the funeral home from 7 to 9 p. m. Thursday.

Supt. A. Hunter Chapman of Community Unit School District No. 27, resigned Monday night at a special board meeting held in Arenzville.

In announcing his resignation, Mr. Chapman stated that he was accepting the superintendency of a newly organized school district in Will County, between Joliet and Chicago, uniting the towns of New Lenox, Manhattan, Frankfort, and Mokena. Most of the area is in Will County, with a small area in Cook County planning to join the district.

A. HUNTER CHAPMAN

Chapman was employed as the first superintendent of Community Unit District No. 27 at the time of its organization four years ago, coming from Winchester where he had served for fourteen years in the high school. Under his supervision and guidance, considerable progress has been made in improving the educational program and curriculum in the schools at Arenzville, Chapin, Concord, and Meredosia. In addition, many building improvements were made in the seven schools in order to accommodate the children from the rural areas and to provide for the many new courses of study added to the curriculum.

**Active In Athletics**  
Supt. Chapman is well known in this area from his many years in the coaching profession and through his extensive officiating in all sports. He served several years on the Illinois State Basketball Rules Committee and helped to interpret the rules to the various Officials' Association. Chapman also was a member of the Illinois High School Legislation committee, and a past director on the Board of Control of the Illinois High School Association.

In accepting the new position, Chapman mentioned that a large building program will soon be undertaken to provide a modern high school building and educational program for the many students of the area. These high school students are now attending school in Joliet, Chicago Heights, and Lockport. It will be a rural school centrally located between the various towns and located about seven miles east of Joliet.

The resignation will become effective July 1, at which time Mr. Chapman and his family will move from their home in Arenzville to begin his new duties.

In accepting the resignation the Board of Education announced that it would name his successor in the near future.

Miss Barbara Craven has been elected May Queen by the members of a capella choir of the Jacksonville high school for the Spring Jubilee to be held at 8 p.m. Thursday and Friday at the high school. Roy Cooper will be the escort for the Queen. The opera, "Down in the Valley" to be presented, is a love story based on American folk songs. Miss Marjorie Carter will attend the Queen as maid of honor; Doris Jean Herrin and Shirley Reed, princesses and Marilyn Todd, crown bearer. Miss Pat Woodridge, 1951 Queen, will perform the coronation ceremony.

Miss Craven will wear a white net formal, a net stole over the strapless bodice and a rhinestone choker.

John Walker will escort the maid of honor who will wear yellow organ-dy with a brief jacket over a strapless bodice. The two princesses will be escorted by Frank Auwarter and Erle Lair with Miss Herrin wearing

pink strapless net over matching faille, trimmed with a bow on the left side and Miss Reed wearing a ruffled shrimp colored gown with fitted bodice and flowing skirt. Miss Todd will wear lavender organ-dy with a ruffled strapless bodice.

Miss Mary Jane Benscoter is director and the production staff includes co-chairman, Kenny Wright and Barbara Craven; music committee, Kenny Wright; Barbara Craven and Donna Woodridge; scenery, Miss Doan, Mr. Reside, Jim Martine, Myron Jackson, Pauline Dorsey, Joe Harrell; stage, Roy Cooper, Jim Mills, Frank Auwarter; lighting, Mr. Hubert, Myron Jackson, Ivan Heaton; publicity, Bob Benson; programs, Helen Dietz and Donna Woodridge; tickets, Mr. Hollowell, Miss Moore, Miss Durley; makeup, Miss Goddin, Miss Paschall, Miss Janes and Miss Mann and ushers, Mrs. Rust and the head

The annual school safety patrol members of Cass, Morgan, Pike and Scott counties, will be held at Illinois College May 13th. This picnic is sponsored by the Chicago Motor Club as a reward for the faithful and loyal service of patrol members of the public and parochial schools during the past school year.

During the day entertainment will consist of races, games, and other types of amusement. A picnic lunch will be served at noon. Illinois College has invited all members of the patrols and chaperons to be guests at the Illinois College-Quincy baseball game in the afternoon.

Approximately 850 boys, girls, and chaperons are expected to be present.

The following schools will be represented: Alexander, Alesy, Arenzville, Beardstown, Beard, Central and Lincoln), Chapin, Concord, Glasgow, Franklin, David Prince Junior High School, Jefferson, Our Saviour's, South Jacksonville, Meredosia, Pittsfield, (Pittsfield East school and Pittsfield Junior high school), Virginia, Waverly and Winchester.

All arrangements are being completed by C. H. Wilson, manager of the Jacksonville branch of the Chicago Motor Club.

Dorcas Class Plans Picnic At Nichols Park On June 9

The Dorcas class of the Central Baptist church met at 7:30 p.m. Monday at the church. Eight members and one guest were present.

The meeting opened with the singing of the class song, "Somebody." Mrs. Roy Sonneborn read the devotion from the twelfth chapter of Romans. The business session was conducted by Mrs. Robert Nickel. The secretary and treasurer's report was given. Roll call was answered with a verse of scripture.

The Bible study was given by Mrs. J. P. Blakeman the lesson being from Samuel and Chronicles. Mrs. Iris Brown was in charge of the social period. The meeting closed with Mrs. Nickel leading the group in reciting Psalms fourteen to nineteen. The next meeting will be a picnic on June 9 at Nichols park.

Strawberry Festival Plan Of Northminster Ladies Aid

The Ladies Aid of the Northminster Presbyterian church met May 1, at the church with 22 members present. Mrs. Clyde Vasconcellos, president, conducted the meeting. Mrs. Harry Oliver was the devotional leader. "The Way of the Cross Leads Home" was sung with Mrs. Vasconcellos accompanying. After scripture reading Mrs. Oliver read, "The Diary of the Bible" and "I Pray Each Day" by Mrs. Janssen to close the devotion.

During the business session suggestions were made for a strawberry festival and an ice cream social to be held at a later date. A recently

held kitchen shower to benefit the church kitchen brought a number of useful articles.

The meeting closing with a prayer by the president. Refreshments were then served by Mrs. Walter M. Wild, Mrs. Anderson Escorse, Mrs. George Coraor, Mrs. George Souza and Mrs. G. C. Albright.

# LOST 44 POUNDS ROCK ISLAND LADY USES NO DIET RENNEL RECIPE

"Before I started taking Rennel I weighed 180 lbs. I decided to try it. I am very satisfied and like the fact that it is not necessary to follow a strict diet. I say Rennel is wonderful and reducing with RENNEL."

Concentrate I weighed 180 lbs. Thanks to this safe Rennel home recipe way to reduce I have lost 44 lbs. and now weigh only 145. I had tried my doctor's method of reducing but for some reason it didn't seem to help me and after reading in the paper about the wonderful results that others received from Rennel I decided to try it. I am very satisfied and like the fact that it is not necessary to follow a strict diet. I say Rennel is wonderful and reducing with RENNEL.

## THE MULTIPLE VALUE IN MOTOR CAR SERVICE

Every service operation on a motor car includes many valuable benefits in addition to restoring the car to original efficiency at the point where service is rendered. Among these plus values are the following:

Depreciation is checked and the resale value of the car is maintained.

Complete safety in control and operation of the car is assured. Utmost economy in fuel and oil cost is reestablished. Excessive wear on any part is avoided. All operating expense is held at minimum.

Enjoy the easier driving, greater safety, comfort and pleasure of motoring with a well-serviced car.

We here have invested for your benefit a large sum of money in buildings, equipment, parts, materials, tools, and trained, responsible personnel for the sole purpose of rendering responsible, expert, low cost automobile service to the motorists in this community. Don't wait until your car falls at a dangerous or inconvenient time. Drive in at the first sign of trouble. Service at the start costs little —saves much.

## Dentist Revisits White Hall After Stay In Germany

White Hall—Major and Mrs. R. C. Haynes and son, Michael, who have been in Germany the past two years, arrived in Jacksonville on Friday night. Major Haynes is a dentist with the armed services and formerly had an office here. His wife is the former Doris English.

The couple have another son, Harrington Haynes, with whom they are visiting in a cottage on the campus of the University of Illinois. Mrs. Harrington Haynes is attending college and her husband is an out patient of Oaklawn Sanatorium, where he has been receiving medical care during the past several months.

Capt. and Mrs. Haynes will visit in this vicinity during his 30 day leave, after which he will go to Detroit, Mich., for future assignment.

**Arrives Home On Leave**  
Richard Goblen, who is serving with the Marines in California, arrived home this week for a leave and met his daughter born Friday at Our Saviour's hospital in Jacksonville. Mrs. Goblen is the former Ruth Goacher of Roodhouse. Goblen's parents are Mr. and Mrs. H. E. Goblen of this city.

Mrs. Eugene Shackelford, who has been seriously ill at Our Saviour's hospital, was dismissed to her home here on Sunday.

Mr. and Mrs. Clay Barton and Mr. and Mrs. Carroll Barton and daughters of Wool River were weekend guests in the home of Mr. and Mrs. Ivy Joslin here.

## They Look So Pretty For Summer Dates

Dear Miss B: Before I get too busy with summer activities, writes Mrs. T. Swenson of Ohio, I'd like to sew my daughter several date frocks for the summer months. Can you suggest something that's different, pretty and easy to make? We're delighted to answer Mrs. S's request with these two exciting styles for junior datewear—a blouse and skirt that uses two fabrics to handsomely, and a button-trimmed cape sleeved dress.

Pattern No. 8672 is a sew-rite perforated pattern in sizes 11, 12, 13, 14, 16, 18. Size 12, blouse 2 yards of 38-inch; skirt, 3 1/2 yards.

Pattern No. 8557 is a sew-rite perforated pattern in sizes 11, 12, 13, 14, 16, 18. Sizes 12, 4 1/2 yards of 38-inch.

Two separate patterns, 30c each. For these patterns send 30c for EACH, in COINS, your name, address, sizes desired, and the PAT-TERN NUMBER to Sue Burnett, Journal Courier, 372 W. Quincy St., Chicago 6, Ill.

Basic FASHION for '52 is filled with ideas to make your clothes budget go further—time-saving and economical designs that are easy to sew. Gift pattern printed inside, 25 cents.

## Household Hints

Gimp braid can be used to accent a color of your material or to contrast with it. Try it as trim for lamp shades or as a border design effect on dressing table skirts.

Baseboards should be washed with soap suds every time the floor is scrubbed. Use a brush to get into crevices, but don't let the water run into the openings.

Drying on a hanger helps to prevent wrinkles when drying nylons, rayons, seersuckers and coruoyes. Most wrinkles can be shaken out as the hanging is done. Straighten

hems, collars, seams and cuffs.

Your steam iron should be emptied as quickly as possible after using, and while the iron is still hot. This will dry out any water remaining in the iron.

After you wash the frying pan, pour one tablespoon of an approved chemical drain cleaner down the sink outlet so that the grease will not clog up the drain.

Change the entire character of a room with slip-covers and draperies featuring strong basic colors: red, orange, blue, green.

To get paint to adhere to new tin, first sandpaper the surface and make sure it is free of grease. Then coat with fresh shellac.

Painful cramps of "Monthly Periods" stopped or amazingly relieved

in 3 out of 4 cases in doctors' own tests!

• Women and girls who suffer from those functionally-caused cramps, backaches and headaches of menstruation—who feel upset and irritable on certain "particular days"—may often be suffering quite unnecessarily!

Such is the conclusion from tests by doctors in which Lydia E. Pinkham's Vegetable Compound gave complete or striking relief from such distress in 3 out of 4 of the cases tested!

• Yes! Medical evidence shows Lydia Pinkham's thoroughly modern action. It exerts a remarkably calming effect on the uterus—without the use of pain-killing drugs!

The effectiveness of Lydia Pinkham's needs no proof to the millions of women and girls whom it has benefited. But how about you? Do you know what it may do for you? Take Lydia Pinkham's through the month. See if you don't get the same relief from the pains and weakness of "those days"! See if you don't feel better before and during your period!

Get either Lydia Pinkham's Compound, or new, improved Tablets, with added iron! If you're troubled with "hot flashes" and other functional distress of "change of life"—you'll find Lydia Pinkham's wonderful for that, too!

Senate Argues Bill To Allow U. S. To Enact Mine Safety

Washington, May 7.—(AP)—The Senate today takes up a bill which would permit the government to enforce mine safety rules and to close unsafe mines.

Such a measure long has been sought by John L. Lewis' United Mine Workers Union.

The campaign for it was redoubled after coal mine disasters in recent years, particularly the 1947 explosion at Centralia, Ill., in which 111 miners died and last December's blast at West Frankfort, Ill., which killed 119 men.

Senate Democratic Leader McFarland (Ariz.) predicted the bill could be passed in one day.

However, some backers of the measure expected considerable debate in view of the opposition by many mine owners to federal control of safety procedures.

Swisher Speech Receives Acclaim

President Dr. Gerald C. Richardson sounded the gavel Tuesday evening at the regular meeting of the Athenian Toastmasters Club held in the County Fair room of the Dunlap hotel. During the business session John M. Hollowell was nominated and elected vice president of the club.

Rev. John W. Collins was introduced as the Toastmaster of the evening. He introduced the three prepared speakers and their subjects: J. Franklin Epler, "Faith in Your Fate"; Herold Swisher, "Even The Indians Did Not Want Him"; and Oliver L. McIlrath, "Indispensability." Mr. Swisher's speech was voted the best of the evening.

The impromptu session was presented by Ray Schrempf. The entire club participated in a "Group Dynamics" discussion, on the subject, "How Can We Best Use Our Tape Recorder."

The evaluators were Howard G. Brown and Ted Fairburn, Grammarian, Dr. L. K. Hallock, Timekeeper, John M. Hollowell, General critic, Dallas M. Schultz.

Deputy Governor Frank Smith reported to the club the program arranged for the district speech contest and district convention to be held in St. Louis Friday and Saturday May 23 and 24 in the DeSoto hotel.

# Grain Dealers To Hold Convention At Springfield

Grain dealers from all over Illinois will be meeting in Springfield on Tuesday and Wednesday, May 13 and 14 for the 59th annual convention of the Illinois Grain Dealers Association.

At a recent meeting of the Board of Directors final plans for the convention were completed, according to an announcement by E. S. Herron Gilman, Secretary of the Association. The Hotel Abraham Lincoln will be the convention headquarters. Daylight Saving Time will be observed.

Included on the two day agenda will be H. C. Olson, St. Louis, Administrative Officer, Federal Security Agency, Food and Drug Administration, who will review the Department's "Grain Sanitation Program" as it pertains to the Country Elevator Trade.

R. E. Clark, Washington, D. C., Manager, Closed Car Section of the Association of American Railroads, and C. H. Stout, Gilman, Chairman of the Joint Traffic Committee will discuss the Transportation Outlook. R. W. Hostrop, Chicago, Chief of the Fiscal Section, Chicago Area Office of Production and Marketing Administration, Commodity Credit Corporation, will review the terms and regulations of the new Uniform Grain Storage Agreement. Ronald C. Booth, Cedar Rapids, Iowa President, Grain and Feed Dealers National Association has chosen as his topic "What's For Tomorrow."

A highlight of the convention will be the annual banquet to be held at 6:30 p.m. on Tuesday, May 13. Music, songs, and special entertainment will be featured, with J. T. Meek, Chicago, President, Illinois Federation of Retail Associations as guest speaker. His subject will be "Freedom to Fail."

## New York Stock Market

New York, May 7.—(P)—Ralls and oils provided the strength in the stock market today and encouraged a moderate rise.

Some gains ran to around 3 points but the bulk of the list advanced fractions to between 1 and 2 points. Losses were lightly scattered.

Volume was somewhat curtailed, however, and came to an estimated 1,100,000 shares as compared with 1,200,000 shares traded yesterday.

Oils derived some encouragement from the better outlook for a settlement of the long strike of refinery and pipeline workers.

Among the gainers were Republic Steel, General Motors, Goodyear, Anaconda Copper, Union Pacific, Standard Oil (N.J.), Shell Oil and Union Carbide.

U. S. Government bonds in the over-the-counter market were quietly steady.

**CHICAGO CASH GRAIN**

Chicago, May 7.—(P)—Cash wheat: none. No. 2 yellow 1.84; No. 3, 1.79; No. 4, 1.81; No. 5, 1.74; No. 6, 1.79; sample grade 1.45-65. Oats: No. 1 heavy white 91.

Barley nominal: malting 1.30-70; feed 1.25-40. Field seed per hundredweight nominal; red clover 30.00-31.00; timothy 9.25-75. Soybeans: none.

**MT. EVEREST CLIMBERS**

Mexico City, May 7.—(P)—Two Mexican mountaineering clubs have joined forces to attempt the ascent of 20,270-foot Mt. McKinley, highest peak on the North American continent.

The clubs will go to Alaska in June for the climb.

Idaho's state capitol building covers 50,646 square feet.

**HOBSON SURVIVORS TRANSFERRED FROM WASP**—Gene St. Martin (waving), Hartford, Conn., and David Sanford, Starucca, Pa., two of the survivors of the U.S.S. Hobson, are transferred to a waiting boat from the carrier Wasp. The stricken aircraft carrier brought home 61 survivors from the scene of the tragic collision between the Wasp and the Hobson.

## Study Pre-Dawn Atom Blast At Yucca Flats

Las Vegas, Nev., May 7.—(P)—De- tonation of an atomic bomb 75 miles away at Yucca flat brilliantly lighted up the pre-dawn sky here today.

After the first flash of white light, which etched buildings here and the surrounding mountains, there was a golden glow in the sky, outlining clouds.

The flash came at 5:15 a. m. Pacific daylight time, 6:15 a. m. central standard time.

Observers in Los Angeles, 250 miles away, reported seeing a "quick blink" in the sky to the northeast. It lasted but a fraction of a second.

No shock was felt here and there was no sound from the blast. A small atomic cloud was visible above the desert. It disappeared quickly.

Warn Areas North of Desert. Atomic energy commission aides had warned residents of St. George, Utah, 125 miles north of here, and of Caliente, Nev., 165 miles north-east, to be prepared for a shock from the A-blast.

AEC scientists expected to make vital comparisons between this test and the first five held at the Nevada site in early 1951. All of those shots were in the dark. Since then all explosions have come at dawn or later.

No troops were to see action in this test, the army said. The explosion was the fifth in the spring series.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, May 7.—(P)—A larger-than-expected run of hogs had no trouble clearing at steady to 25 cents higher prices today. Cattle also were mostly steady to 25 cents up although good bulls lost 50 cents and the market for upper grades of heifers was weak to 25 cents lower toward the close.

Most butcher hogs sold from \$18.65 to \$20.10 with two loads topping at \$20.15. Sows were \$15.50 to \$17.50 mostly. An estimated 11,000 was on sale, around 1,000 more than anticipated.

Good to prime steers ranged from \$29.50 to \$37.25. One load testing high-grade was outstanding at \$38.50. Choice and prime heifers were worth \$33.00 to \$35.65. Most commercial cows sold downward from \$25.50 but a load of young heifer types brought \$27.00. Bulls topped at \$27.50 and vealers at \$27.00.

Lambs proved strong to 25 cents higher, most woolled kinds getting \$27.00 to \$28.75 and clipper \$27.00 to \$28.25. Ewes were steady at \$13.00 and below.

Other receipts included an estimated 8,000 cattle, 300 calves, and 2,000 sheep.

## GRAIN PRICES HEAD DOWNWARD ON BOARD

Chicago, May 7.—(P)—Grains headed downward from the outset on the Board of Trade today and never were able to work themselves into a rally. Losses weren't large and trading wasn't active.

Moisture in parts of the midwest and northwest was one reason for the sell-off. Another was some disappointment at the lack of a more aggressive flour business to develop.

Closing down on a bean processing plant tended to restrict enthusiasm for soybeans, but bean oil was firm. Cash oil sold at 10 cents a pound for the first time in several weeks, up 1 cent from yesterday.

Plant closings will reduce the available bean oil supply.

Switzerland bought 9,000 tons of spring wheat and Austria took slightly more than six million pounds of refined rye.

Preliminary estimated receipts of grain in carlots: wheat 5, corn 50, oats 8, rye 1, barley 22 and soybeans 16.

Wheat closed 1-11 lower, May \$2.46-1, corn unchanged to 1 lower, May \$1.80-1, oats 1 lower to 1 higher, May 79-1, rye 11-21 lower, May \$1.96-1, soybeans unchanged to 1 lower, May \$2.96-\$2.95, and lard 10 cents lower to 3 cents a hundred pounds higher, May \$1.25.

## Scotty Robb Hired By American League President Harridge

By Charles Chamberlain  
Chicago, May 7 (AP)—President Will Harridge of the American League today hired Douglas W. "Scotty" Robb, who quit his National League umpiring job two days ago after being disciplined and fined by the senior circuit's boss, Warren Giles.

The direct switch of leagues by an umpire under such circumstances is unprecedented in the majors.

In taking the action, Harridge praised Robb as "the kind of gentleman we like to have on our staff."

"We needed another umpire and we considered Robb a good one," he added. "His first assignment for us will be in the White Sox-Red Sox game in Chicago next Tuesday night."

Assigned with Robb for that game are Art Passarella, Joe Paparella and Ed Hurley.

"Robb gives us a full umpiring complement of 16 men," said Earl Hilligan, A. L. director of public relations. "Cal Hubbard, whose eye injury by a shotgun pellet is keeping him out of action this season, still is being carried as a member. Robb worked the 1950 and 1951 All-Star games and our umpires know him and what he can do."

Robb, a four-year veteran of the National league, was accused of pushing manager Eddie Stanky of the St. Louis Cardinals during a game at Cincinnati April 22. Giles at a subsequent hearing fined Robb "a sizable amount and much greater than the combined fines of the players involved."

Stanky was fined \$50 and Cardinal shortstop Solly Hemus drew \$25. Hemus started the altercation by throwing his bat in the air when he was called out on strikes.

"Harridge telephoned Giles yesterday and asked if Robb were a free agent and could sign with the American league," said Hilligan. "When this was established, Harridge phoned Robb this morning at his Cedar Grove, N. J., home and offered him the position with us."

At his Cedar Grove printing plant, Robb said: "I'm happy to be back in baseball . . . and you can judge how happy I am when I say that when Mr. Harridge approached me with an offer I was so choked up I couldn't talk for a minute or two. That's how I felt."

Commissioner Ford Frick in New York would not comment on the affair.

## Howie Pollet Ends Buc Drought, Beats Phils 5-1

Pittsburgh, May 7 (AP)—Southpaw Howie Pollet scattered five hits tonight as he pitched the Pittsburgh Pirates to a 5-1 win over the Philadelphia Phillies to snap a six-game losing streak for the last place Bucs. The Phillies helped the Pirates cause by committing five errors. It was Pollet's first win of the season against three defeats. Russ Meyer was charged with the loss — his fourth in a row.

## Walcott's Trainer Says Ez Charles Sucker For Hook

Atlantic City, N.J., May 7 (AP)—Dan Florio, trainer of heavyweight champion Jersey Joe Walcott said today challenger Ezzard Charles is "a sucker for a left hook."

Florio, who is putting Walcott through his paces for the title bout in Philadelphia's Municipal Stadium June 5, predicted the champion would repeat his title-winning knockout of Charles. Walcott kayed Charles in Pittsburgh last July to gain the crown.

"Charles is still a sucker for a left hook and Walcott will win with it again," Florio said. The champion hasn't started heavy work yet for the coming defense of his title.

Pleasantville, N.J., May 7 (AP)—Ezzard Charles went through a three round workout today as he continued preparation for his June effort to win back the heavyweight boxing championship.

Charles sparred two rounds with Julian Kean and one with Al Smith.

The Cincinnati seeks to become the first ex-champion ever to win back the title.

## Robinson-Maxim Sign For Bout

New York, May 7 (AP)—Middleweight champion Ray Robinson and light-heavyweight King Joe Maxim signed official contracts today for their June 23 title bout in Yankee Stadium and immediately drew a remand from the National Boxing Association.

"The NBA feels that these interclass bouts between champions are not in order until the champions concerned have defeated the logical contenders in their own divisions," the association said in a statement issued in Washington.

The NBA said Robinson could defend his crown against such middleweights as Randy Turpin of England, Gene Halston of New York and Charles Hunter of France. It also contended that Archie Moore of St. Louis, Harold Matthews of Seattle, and Harry Matthews of Seattle, deserved a shot at Maxim's crown.

It was very obvious, however, that Christenberry was delighted over getting the Robinson-Maxim fight for New York. Four title fights have been held in the U.S. so far this year and not one of them has been staged in New York, once the fiscal capital of the nation.

The contract calls for each fighter to get 30 per cent of the receipts.

Bluffs (Special)—Coach Gene Hopper's Bluffs grade school thinclads edged David Prince 57½ points to 46½ in a dual circuit meet here yesterday afternoon.

Paul Keller's Jacksonville youngsters were strong in the dash events where Jimmy Green, Billy Jordan and Gardner excelled. However, Bluffs came back fast in the field events to pile up a safe lead.

Tommy Flynn was one of Bluffs' big point winners. He placed first in the pole vault and low hurdles.

Chicago, May 7 (AP)—Undefeated Chuck Davey, scoring four spectacular knockdowns, tonight easily defeated Chico Vejar with harpooning lefts to the face and stomach in their round welterweight battle in Chicago stadium.

The decision of the two judges and Referee Frank Sikora was unanimous. Making an astonishing whirlwind finish, Vejar was credited with winning only the tenth round. The second and ninth were declared even.

Davey, fancy boxing southpaw, outsmarted and outmaneuvered the New York University dramatic arts freshman by his savage two-fisted attack to the head and body.

## Chuck Davey Scores Decision Over Chico Vejar

Chicago, May 7 (AP)—Undefeated Chuck Davey, scoring four spectacular knockdowns, tonight easily defeated Chico Vejar with harpooning lefts to the face and stomach in their round welterweight battle in Chicago stadium.

The decision of the two judges and Referee Frank Sikora was unanimous. Making an astonishing whirlwind finish, Vejar was credited with winning only the tenth round. The second and ninth were declared even.

## Dodgers Trip Redlegs 5-4

Cincinnati, May 7 (AP)—Rookie Johnny Rutherford allowed only three hits in six and two-thirds innings of relief pitching tonight as he hurled the Brooklyn Dodgers to a 5 to 4 victory over the Cincinnati Reds. The 26-year-old Rutherford, up from St. Paul, took over after the Reds had shelled starter Cris Van Cuyk for three runs in the third.

## WHITE SOX PITCHER GOES UNDER KNIFE

Boston, May 7 (AP)—Relief pitcher Luis Aloma of the Chicago White Sox today was placed on the disabled list to have his tonsils removed.

Aloma, who won six games and lost none last season, will leave for Chicago tomorrow for the operation. He is being listed as disabled for an indefinite period. Manager Paul Richards said Aloma will not return to active status until he is in condition to pitch effectively again.

## Sal Maglie Posts Fifth Victory, Tames Birds 3-1

St. Louis, May 7 (AP)—The New York Giants spoiled the starting debut of Willard Schmidt, 23-year-old righthander of the St. Louis Cardinals tonight, 3 to 1, but not before they used their two veteran masters of the mound, twice 23-game winners of 1951 Sal Maglie and Larry Jansen. The 35-year-old Maglie was credited with the victory, his fifth of the season and eighth straight.

Schmidt, a graduate of the class a western league, hurled creditably in his first major league starting assignment, allowing eight hits before retiring under fire in the seventh inning. But the fast-firing freckle-faced kid was no match for Maglie, who last lost a National league game here Sept. 13, and running mate Jansen.

Maglie, who was given up only 22 hits and just five earned runs in 45 innings this season, allowed only six blows and struck out seven batters before weakening in the ninth inning. He walked three.

Don Mueller drove in two sixth-inning runs for the Giants with his second hit, a single. Solly Hemus, author of 23 hits in his last 40 times at bat, led St. Louis' inadequate attack with a double and a single.

## Red Sox Rookie Posts 4th Win, Fells Chisox 7-2

Boston, May 7 (AP)—Rookie southpaw Bill Henry chalked up his fourth straight pitching victory by handcuffing the Chicago White Sox to five hits today as the Boston Red Sox swept the two-game series with a 7-2 decision.

That unbeaten youngster helped his own cause tremendously by banging a three-bagger and a single as three Chicago hurlers were slammed for nine hits. Henry's blows drove in two runs.

The Red Sox clinched matters against righthander Ken Holcombe in the second inning by setting off a four-run explosion that was powered by Johnny Pesky's bases-loaded smash that bounced into the right field stands for a ground-rule double.

## Athletics Blank Browns 1-0 In Pitching Duel

Philadelphia, May 7 (AP)—Alex Kellner of the Philadelphia Athletics and Earl Harnist of the St. Louis Browns waged a tightly knitted mound duel tonight as the A's beat the Browns 1-0. Kellner allowed only five hits and Harnist four. The lone Philadelphia tally came in the first inning on a double by Eddie Joost, a sacrifice and an outfield fly.

Kellner was on the ropes in the top half of the ninth but came through to save the win. The Browns had the bags loaded and only one out on the Philadelphia portside but he got Bob Nieman on a pop foul to catcher Joe As-troth and then ran the count full before he lifted an easy fly to Elmer Valo in right for the game ending out.

## BOWLING OFFICERS, PAST AND PRESENT

New officers were elected at the fourth annual Jacksonville Women's bowling association held at Art Schneider's Tuesday evening.

Over 150 local bowlers and team sponsors attended the banquet which marked the end of the winter season. Dorothy Clark was elected president. She follows Lulu Rose to the position.

Pictured are the outgoing and incoming officers. Seated, left to right: Bernadine Bush, 1951 Sgt. at Arms; Dorothy Clark, 1951 vice president and 1952 president; Lulu Rose, 1951 president; Evelyn Fischer, 1951 secretary; Ann Lear, 1951 and 1952 treasurer.

Standing—Eleanor Solomon, 1952 Sgt. at Arms; Elsie Ischer, 1952 secretary; Virginia Tribble, 1952 vice president.

Evelyn Fischer arranged the banquet. On the nominating committee were Bernadine Lair, Eleanor Ring, Catherine Devlin, Selma Staake, Jane Sieber, Elsie Ischer, Barbara Flower, Louise Thompson, Gertrude Stangel.

## A PHOTO FINISH

Who won this 880 yard race? Officials of the ISD-Ashland-Arenza track and field meet Tuesday said that Everett Allen (right) was the winner by a nose. And the picture indicates that he used his nose to break the tape just half a stride ahead of Ashland's lanky Bob Bryant. The defeat was Bryant's first in two years of competition, reported his Coach Phil Clary.

Burke Worked Two Years On Grip To Be Straight Off Tee

By JACKIE BURKE  
GOLF'S NEWEST STAR

When Jimmy Demaret took me on my first tour in 1941, I was far from being straight off the tee a good deal of the time.

I was making a basic mistake. My grip, perhaps the most important fundamental, was wrong.

I never saw a good golfer with a poor grip.

My left hand was being carried well over on the shaft. On the address, I could see all my knuckles. The result was a big hook, and I spent half of my life in the rough on the left of the fairway.

Demaret noticed this, and taught me to carry my left hand more on top of the shaft, so that only one or two knuckles are visible on the address. This is the grip that was used by Walter Hagen, Harry Cooper, Byron Nelson and most of the great shotmakers.

I worked two years ironing the kinks out of my grip to be straight off the tee.

Hand action is the cause of trouble in your swing about 99 per cent of the time. If you are off your game, look to your hands.

Maybe you're gripping the club too firmly with the right hand.

Perhaps your hands and forearms are not coordinated. That will throw the hips, shoulders and pivot out of kilter.

If the hands and forearms do their work properly, timing will be correct.

So if your game is off check your grip and hand action before doing anything else.

Break down your stroke and check each factor individually, one at a time.

Don't try to correct several things at one time.

If you do you'll wind up with an even worse stroke and score.

## FAN BREEZES

BY BOB MERRIS

Coach Hal Wimbler's Jacksonville high school track and field team succumbed to the powerful White Hall Maroons in a dual meet yesterday afternoon. Though final tabulations were not available last night, it was reported that Crimson Ron Kemp won three firsts in the 100 yard dash, the broad jump and shot put.

Springfield sources report that Cathedral's prep nine is the favorite to represent this section in the state finals at Pekin. The Cyclones are almost certain to win the Capitol city district. Then they'll meet the winner of the local sub district, probably Jacksonville high. The Crimson's trapped Cathedral by one point to gain admittance to the state basketball finals this year. It would sure be nice to do the same in baseball.

Ray Schrempe announced last night that he has procured two baseball films, the world series and the Little League world series. These movies will be shown at the Majestic theatre next Friday. They'll be for free, so kids let's take him up on it. The films will also be shown before local service clubs and at the grade and high schools.

Spike Wilson had another big turnout of Little Leaguers at the State Hospital yesterday afternoon. Despite the threat of rain, over 100 kids were present with bats, balls and gloves. They're certainly anxious to get the season underway.

## Indians Whip Yankees 7-2, Keep Pace In AL

New York, May 7 (AP)—The Cleveland Indians made it two straight over New York today as Mike Garcia scattered 12 Yankee hits for a 7-2 triumph, the tribe's fourth in a row. The victory kept the Indians a game behind the league-leading Boston Red Sox.

The Indians made only 11 safeties off three Yankee hurlers but three went for extra bases, a home run by Al Rosen and back to back doubles by Luke Easter and Dale Mitchell. On the other hand, the light-hitting Yanks collected only a pair of two baggers among their dozen base hits.

Garcia did not pitch a particularly strong game, but was strong in the pinches, forcing the Yanks to leave 10 runners stranded. He struck out only two.

## Illinois Whips Arkansas 6-2

Champaign, Ill., May 7 (AP)—Illinois put together a triple and three singles for a four-run sixth inning today to defeat Arkansas' touring baseball team 6-2.

The hits, including Ron Reberer's three-bagger, were combined with an error and stolen base for the winning surge.

Charlie Fort, sophomore Illinois pitcher, yielded only one hit in the seven innings he worked. It was a triple by Lewis Carpenter that followed two walks and gave Arkansas its two runs in the fourth.

## Coach Clark's Club Ends League Play With 6-0 Record

Coach Fatsy Clark's Illinois School for the Deaf nine claimed the PMBC diamond championship by vanquishing Chapin 12-5 here yesterday afternoon.

The victory left the westend club with a perfect 6-0 record in the league and a 7-1 season's showing. The Tigers meet Winchester, who dealt them their only defeat this year, in the local sub district tournament at the northside Saturday afternoon.

Big Tom Kibecka, who heaves the discus and puts the shot for the Tiger track team, twirled smooth six-hit baseball for Coach Clark's club to post his sixth victory of the season.

Kibecka had trouble only with Chapin's Mel Engelbrecht, who tagged him for three hits.

ISD hopped on Chapin pitcher Jim Miller for three hits and five runs in the first inning. The Tigers were never headed by Don Constantz' Bearcats.

Dorly West slugged a home run for ISD in the third inning and Lamont Kleot hit for the circuit in the fifth.

Paul Miles, ISD's reserve first baseman, was injured in the sixth inning when he collided with a Chapin athlete. He was taken to the ISD hospital where it was found that he suffered a pulled shoulder ligament.

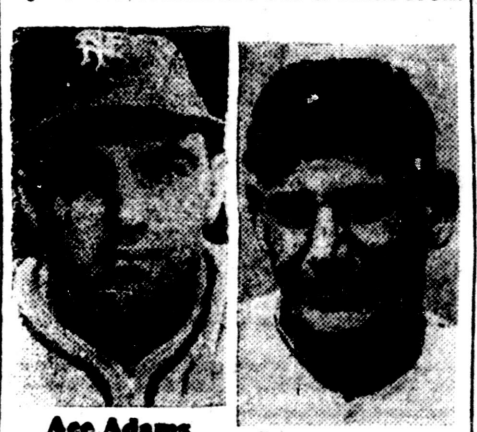

ISD's other big inning came in the fifth when Coach Clark waved four more runs across the platter. The game ended just before threatening clouds turned loose a deluge of water.

## 'Jumper' Ace Adams Buys Minor League Franchise With Pesos

By BILL MCGROTHA  
NEA Special Correspondent  
Fitzgerald, Ga.—(NEA)—It was a day in early Spring of 1946. The New York Giants filed into their dugout. The game was about to start.

A last-minute check of the roster showed one player short. Mel Ott, somewhat perturbed, hurriedly dispatched bullpen coach Grover Hartley to the clubhouse for a final look.

He got Hartley, who had retired to Daytona Beach, Fla., to help him round out and train some players. Ace himself had pastured out to Iron City, Ga., where he raised cows and hogs on a 300-acre farm. He still has the farm and plans to keep it.

But the call of the baseball wild was too great. After being reinstated in the grades of the game along with other Major League jumpers, Ace had several offers, including one from his former employers, the Giants.

He finally chose Fitzgerald, a club that had finished an inglorious 82½ games out of first in a class D league cellar in 1951—because it was near his farm and the franchise was available.

And Ace will pitch again. "As soon as I feel I'm ready—I'll know when—I'm going to get out there," he says, "I've still got most of my stuff."

He plans to continue the role that brought him fame — relief pitcher. Recently he was named on a team of all-time Giant greats in that role.

Manager Ott had cause for irritability. "Man missing was Ace Townsend. Adams, the iron-armed pitcher who three seasons before had set a National League record—since broken by the Phillies' Jim Konstanty — for pitching appearances and had found himself a niche as one of the great relief hurlers of all time on his 300 games pitched in five years.

Hartley found Adams, all right. He had just arrived and was engaged in rounding up his personal belongings.

"Come on, Ace," Hartley erupted, "climb into that monkey suit and let's get out there."

But Ace was not answering the call.

He told his friend Hartley the story: "I was just ready to start for the park and the phone rang. It was Jorge Pasquel and he says come on up to my hotel room and let's talk. So, I go to his room and there all over—hundred dollar bills. He says to me, 'They are all yours, Ace. All you gotta do is sign with me.'"

TOGETHER AGAIN  
Adams interrupted himself: "Looka here, Grover!" And he ran his fingers through a couple of bundles of bills, his pockets crammed. It was mute testimony of his decision.

So, Adams went with Pasquel into the outlawed Mexican league. Hartley went his baseball way. Ott, his the Giants theirs.

This year Adams and Hartley are back on the same team—Fitzgerald of the Georgia State League.

It was Hartley, veteran catcher,

## Routt Baseball Game Called Off; IC Plays Today

The Routt-Chandlerville prep baseball game, scheduled for play at Illinois college diamond yesterday afternoon, was cancelled because of bad weather.

It was the final Routt baseball game of the season and left Jim Smarjeske's club with a 4-8 record. Illinois college is host to Quincy in a non-conference diamond clash this afternoon. Game time is 3:30 p.m.

The Jacksonville sub district tournament gets underway today with Mercedia meeting Franklin on the northside diamond at 4 o'clock.

Joe DiMaggio was named the most valuable player in the American League in 1939, 1941 and 1947.

## Alias Basil Willing

THE STORY: Jack Duggan, a private detective, died of poison, possibly was murdered. Basil Willing had followed Duggan to the home of Dr. Zimmer, a psychiatrist, and had seen Duggan pose as "Dr. Basil Willing." Basil, also a psychiatrist, had given Duggan a chance to explain, but Duggan had died before he could do so. The next morning Miss Katherine Shaw, a blind woman, who apparently had mistaken Basil for the father of Dr. Zimmer's house, is found dead in her bed. Basil and Inspector Foyle go to the Shaw home to question Brinsley, the dead woman's nephew, and her secretary, Charlotte Dean, who also were at Dr. Zimmer's dinner party.

IX  
FOYLE sighed. "Somehow we must establish the relationship between Duggan and Miss Shaw. Who attended to her correspondence after she went blind?"

"I wrote personal letters at her dictation and read her letters received. Her lawyer attended to business matters. He had power of attorney."

"I'm afraid I'll have to ask permission to go through her papers."

"You'll have to ask her nephew, Brinsley, who is also her heir. I'll call him."

When Charlotte had left the room, Foyle looked at Basil quizzically. "One of those cases where we may never find any evidence."

"Autopsy?"

"What will we find? Codeine. So what? She could have taken it herself. She could have saved up pills for an overdose."

Basil looked over to the window and stood looking out at the sunny street. "Duggan's murder seems to have been an afterthought—a clumsy improvisation under stress. Miss Shaw's murder was carefully planned—if it was murder..."

BRINSLEY SHAW was thin and lightly boned with a boxer's dancing step. The hair brushed so close to the small erect head was a smooth and shining silver. Briefly, the inspector repeated what he had told Charlotte Dean.

"You really think there may be some reference to this Detective Jack Duggan in Aunt Kay's correspondence?" Brinsley asked. "There's a possibility."

Brinsley pursed his lips. "You'll have to see her lawyer about her safe-deposit box, but Miss Dean can show you the papers in her desk."

CHARLOTTE took them to the desk. In the drawers were bundles of letters, tied with violet ribbon, and a checkbook.

"I'll look at that first," said Foyle.

"Would you?" Foyle paused at a page where three stubs were all dated March 21. The first payee was described as "Brinsley," the second as "Brinsley Shaw," the third as "J. D." The first had received \$21.50; Brinsley, \$500.00; "J. D." \$400.00.

"How did you sign checks?"

"Katherine Shaw per C. D. That was arranged with the bank when Miss Shaw went blind."

"Now your memory has been jogged, do you recall anything about this particular check to J. D.?"

"Yes, I do." Her tone was faintly defiant. "Last month Miss Shaw did ask me to draw a check and put only the initials of the payee on the stub. I had quite forgotten that the initials were J. D."

"To whom did you make out this check?"

"I honestly don't remember. I haven't thought of it since."

Foyle looked at Charlotte speculatively. "If I wrote a check for \$400, I'd remember who it was made out to, even if the money wasn't mine."

Charlotte colored, but held her head high. "Miss Shaw frequently drew \$400."

"Now, really, this is rather silly!" put in Brinsley. "We can get the payee's name from one of the canceled checks that came with Aunt Kay's March statement from the bank."

## Phone Firm Promises Better Service Soon In Rate Hike Request

The City Council, meeting in special session Wednesday night, received assurances of improved telephone service from top officials of the Illinois Telephone Company and then voted unanimously to rescind the resolution it adopted last Monday night authorizing intervention in the company's pending rate increase case before the Illinois Commerce Commission. In taking this action the aldermen made it clear, however, that they were not agreeing to the rate increases asked for by the Telephone Company.

The special meeting of the council climaxed an afternoon of conferences between company officials and representatives of the City and Chamber of Commerce. The Chamber had previously filed a complaint with the Commerce Commission protesting unsatisfactory local phone service.

Within the next 45 or 60 days the capacity of the local telephone board will be increased 25% through the installation of three additional switchboard positions which have been on order for some time. H. H. Butler, president of the company, said the council. This, Butler said, will improve and expedite the handling of local calls and take care of what is admittedly an unsatisfactory situation. If a rate increase is granted and financing can be arranged, the entire Jacksonville exchange will be converted to automatic operation as soon as possible, according to the company president.

**Conversion Promised**  
The promise of the telephone company to convert their local plant to dial or automatic operation took the form of a letter to the mayor and members of the Council. It was agreed that a copy of the letter would be filed with the Illinois Commerce Commission. This letter is as follows:

May 7, 1952  
Honorable Ernest L. Hoagland & City Council  
Jacksonville, Illinois  
Gentlemen:

Representatives of the City of Jacksonville, Illinois, the Jacksonville Chamber of Commerce, and officials of this company had a conference in Jacksonville on May 7, 1952, at which time the company outlined its plans for changes and improvements in the telephone system serving Jacksonville. The representatives of the City were Mayor Ernest L. Hoagland and City Attorney William L. Fay, representatives of the Chamber were Ben Montee, Robert Fay, F. R. Rantz and John Prickett, and the representatives of the company were R. B. Still, Chairman of the Board of Directors, the undersigned H. H. Butler, President, and W. O. Randall, Jacksonville District Manager.

In order to confirm the statements we made to you at that conference, this letter is forwarded to you and a copy is being filed with the Illinois Commerce Commission. Our program provides for the following:

Subject to entry of an order by the Illinois Commerce Commission in our pending rate proceedings, providing for such rates for service as will enable us to meet our operating expenses and taxes, including provision for adequate funds for maintenance of our property and such return as will enable us to obtain capital funds sufficient to meet our requirements and subject further to our ability to obtain the required financing, we propose to convert our Jacksonville Exchange to automatic operation.

We agree that if such order is entered by the Illinois Commerce Commission, we shall place orders with our suppliers for automatic central office equipment immediately following the final effective date of such Commission order and will proceed expeditiously with conversion to automatic operation up to delivery and installation of the equipment by our suppliers.

In connection with conversion of the exchange to automatic operation, it will be necessary to build or have built for us, under lease, a new building and to install new automatic central office equipment, as well as such rebuilding of outside facilities as may be required. The total cost of equipment, building and outside plant rebuilding is estimated to amount to in excess of \$800,000.00, based upon present-day prices.

Completion of this program is, of necessity, further subject to our ability to obtain the necessary manpower, materials and equipment and to regulations and rules that may be promulgated by Governmental authorities and subject to limitations imposed by law.

We have endeavored to keep up with the rapid growth of Jacksonville since the end of World War II and, notwithstanding the difficulty of obtaining materials and equipment, we have installed since January 1, 1946, more than 2,200 additional telephones, an increase of 45%. During the same period, we have increased our telephone plant and facilities at the Jacksonville Exchange by \$315,500.00, an increase of more than 50%.

Your Honor is familiar with the fact that four additional toll positions to take care of the substantial increase in toll service requirements of our subscribers at Jacksonville were installed during the month of May, 1951, and are now in service and that negotiations are now going forward with the Illinois Bell

Attention V.F.W. Members  
Meeting tonight at 8 P.M.

## Form Local Group In Drive Against Heart Disease

At an organizational meeting of the Morgan County Heart Association in the Dunlap hotel Wednesday noon, Dr. Warner Newcomb asserted that "the threat of heart disease can be reduced in the same way that we have conquered tuberculosis — through a campaign of public education."

President of the new local unit is Richard P. Wilson, Chapin, president. Vice president is Harlan A. Williamson, secretary Dr. James W. Chapman of the Morgan County health department, and Miss Anna Mann of the health department is treasurer.

Miss Mann reported the society presently has \$380.95 in the treasury. She added the Community Chest soon will pay over to the Heart Association \$750 as the latter's share in the drive last fall.

President Wilson announced the appointment of a medical advisory committee composed of Drs. Albert Fricke, chairman; Thomas Tinsley, Waverly; Garm Norbury, Friedrick Engelbach, Morris Greenberg, and Warner Newcomb.

A committee on education was appointed, composed of Ivan Garrison as chairman, and Major Henri Serval and Julian Rammekamp. More persons will be added to this committee later, Wilson said.

Dr. Chapman also addressed the group, which consisted of 30 members of the society's board of directors. The local health officer emphasized the importance of "indoc-trination of the public mind in the prevention and cure for the various kinds of heart disease," he said.

President Wilson told his listeners the local Heart Association will stage an educational campaign next fall. He added that the organization's second primary reason for existence is to raise money to conduct research into heart disease. To carry out the latter purpose, he said, the local association sends to the American Heart Association, the parent group, 25 percent of the county association's proceeds from the annual Community Chest drive. Fifty percent remains here and 25 percent goes to the Illinois association.

R. B. Still, chairman of the Board of Illinois Telephone, spoke up and said "we are just as interested as you in giving you better service."

He went on to explain that it would take some time to bring about the conversion of the local system from common battery to automatic. "Each telephone installation has to be a tailor-made job. It may require six months to install the equipment after it is delivered here," he said. Butler had previously informed the council that it would probably take at least three years after the placing of an order before the automatic equipment would be delivered, so no hope was held out that Jacksonville might have dial operation until 1955 or 1956.

**Boost Not Approved**  
The company officials asked the council to rescind the resolution adopted Monday night in which it went on record "as opposing any rate increase for the Illinois Telephone company beyond that which is absolutely necessary to provide better telephone service." In Monday night's resolution it was also provided that a copy of the council's action be certified to the Illinois Commerce Commission and the city attorney was authorized and directed to appear at the hearings before the Commission on behalf of the city. Alderman Chumley inquired if this would mean that the city would be agreeing to the rate increase requested by the company and it was brought out that it would be up to the Commerce Commission to determine what rates were reasonable and what should be allowed in the way of increases.

Telephone president Butler pointed out that the last rate increase for Jacksonville was in 1943. Since then, he asserted, labor costs have increased 50%, taxes have been raised 80% and material and other operating costs have increased proportionately.

**Resolution Adopted**  
At the conclusion of the discussion Mayor Hoagland read and recommended the passage of the following resolution:

WHEREAS, the Illinois Telephone Company has given assurance that installation has been undertaken of a three-position addition to the local telephone switchboard, this said installation to be completed in approximately sixty days and  
WHEREAS, said Company is giving written assurance to the Mayor and the City Council at this meeting that it will convert the Jacksonville telephone exchange to automatic operation, under the terms and conditions set forth in a letter of even date herewith signed by H. H. Butler, President of the Illinois Telephone Company, a copy of which said letter will be filed by said Company with the Illinois Commerce Commission, and  
WHEREAS, the City Council is satisfied that the action of said Company will result in greatly improved telephone service to the residents of this community.  
NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF JACKSONVILLE, ILLINOIS:

(1) That a certain resolution adopted at the regular meeting of the City Council on Monday, May 5, 1952, relating to the application of said Illinois Telephone Company to the Illinois Commerce Commission for an increase in rates for telephone service is hereby rescinded, revoked and cancelled.

Alderman Haneline moved that the resolution be adopted and Alderman Baker seconded the motion. It was passed without a dissenting vote, and the council adjourned.

He told of the invention and history of the sewing machine and demonstrated some of the feats that can be accomplished on the modern model.

The table was decorated with May baskets and spring flowers. Ten members and a guest were present. Deane Harmon presided over the business session.

## Photo Reunites Relatives Living In Germany, Illinois

By Arthur Thatcher

Jerseyville—A picture taken in Berlin, Germany and published in Life magazine has been responsible for the reuniting of a group of relatives in that country and the United States.

While perusing a copy of Life magazine in December, 1950, Rev. F. W. Schwarzlose, pastor of the First Methodist church of this city, became interested in the picture. Across the front of one of the buildings in the photograph extended a sign bearing the name, Max Schwarzlose.

Mr. Schwarzlose began wondering if by any chance the Max Schwarzlose was a relative. He knew that his grandfather, William Schwarzlose, came from Germany, but all trace of relatives in that country became lost during the turmoil of two great world wars.

He decided to write to the Max Schwarzlose. He sent a letter to the address in Berlin. Max Schwarzlose, however, had been dead for some time. The letter came into the hands of a descendant, Peter Schwarzlose, and was returned to the latter's mother, Mrs. Olga Schwarzlose, former resident of Germany for her to answer due to her greater familiarity with the English language.

Olga Schwarzlose had been born in the United States and went to Germany to live following her marriage. When her husband died, she returned to this country and is now living in Brooklyn, New York, where she is employed in a hospital. Her son, Peter Schwarzlose, remained in Berlin where he retains an interest in the Max Schwarzlose business, which consists of dealing in fine perfumes and cosmetics.

**Visiting Relatives**  
Recently, Peter obtained a six month's visa and came to this country for a visit with his mother. Plans were completed for a trip to Jerseyville, and Peter and his mother arrived here Monday by auto and are now guests of the Rev. and Mrs. Schwarzlose.

A check of relationships here has determined that the grandfather of the Jerseyville pastor was the brother of Max Schwarzlose, whose name appeared on the Berlin sign in the Life picture.

Wednesday, May 7, the group motored to West Salem, Ill., to meet relatives residing there. From West Salem, they will continue to Evansville, Ind., where they will visit other relatives.

On Friday they will go to Peoria to meet other relatives.

**Anna Brennan, 91 Years Old, Dies Wednesday**  
Mrs. Anna Theresa Brennan died at 5:45 p.m. Wednesday at 320 N. Clay avenue, where she had made her home with Mrs. Emma V. Winkle the past three years. She would have been 92 this summer.

She was born in Jacksonville Aug. 18, 1860, the daughter of John and Ellen Markham McCluskey. She attended the local parochial school and the Young Ladies Athenaeum, graduating from the Illinois Conservatory of Music at the age of 18.

On Jan. 11, 1881, she was married to Joseph P. Brennan, who for many years operated a hardware and sporting goods store in Jacksonville. He preceded her in death in 1928.

They were the parents of two children, one daughter, Nellie, died in infancy. The son, Terrance J. Brennan, Sr., died Jan. 29, 1949. One grandson survives, Terrance J. Brennan, Jr., and two great-grandsons, Terry and Larry Brennan.

The decedent was a member of the Church of Our Saviour. She was confined to her bed the last two years of her life.

Services will be conducted at 8:30 a.m. Friday by Father John Morris at the Church of Our Saviour. Burial will be made in Calvary cemetery. The body was taken to the Gillham Funeral Home, where the family will meet friends Thursday from 7:30-9 p.m.

**Mrs. Cora Wilcox Dies In California**  
Word was received in New Berlin of the death Wednesday morning of Mrs. Cora Hoover Wilcox, former New Berlin and Morgan county resident.

Mrs. Wilcox died at Arcadia, Calif., where she was spending the winter months with a niece, Mrs. Dorothy Jenks.

The decedent was the wife of Marshall Wilcox.

There are numerous relatives in Morgan county.

Further obituary facts will be forthcoming.

**TUXEDOETTES MEET AT REID RESIDENCE**  
The Tuxedoettes met recently at the home of Mrs. Gladys Reid. Each member answered roll call by making a speech. The president, Mrs. Mary Gray, presided.

Games were played after the business meeting, first prize going to Miss Dovie Woods, second to Mrs. Lillian Holt, third to Mrs. Ann Hammons and consolation to Mrs. Dola McKie. Refreshments were served by the hostess, Mrs. Lillian Holt, who received a gift from her "secret pal."

The next meeting will be held at the home of Miss Dovie Woods May 19.

## 107th Phi Alpha Open Meeting To Be Held May 14

The 107th annual Open Meeting of the Phi Alpha literary society will be held in the newly redecorated Main Beecher Hall on Wednesday night, May 14, at 7:30.

As in the past this open meeting will be designed to give the people of Jacksonville a glimpse into the workings of a literary society of the college community.

The program will consist of the regular literary productions; by two essayists, a reader, two declaimers, an impromptu speaker and an extemporizer. These programs are designed to aid the members in attaining literary skill and also to give them practice in performing before an audience, thus rounding out their liberal education at I.C.

In addition to the regular program a skit, written, directed and acted by the members will be given.

Phi Alpha cordially invites everyone to attend, especially the Phi Alphas so that they may see the beautiful hall which their contributions have made possible.

Refreshments will be served.

## Civic Improvement Discussed By Lions

Projects for community betterment were chief topics on the program as the Jacksonville Lions club conducted a joint meeting with the Chamber of Commerce at the Dunlap hotel last night.

Chamber of Commerce secretary John Frichet presided over the group which numbered over 100 Lions and Chamber of Commerce members. Many of the men were in dual roles since they belong to both organizations.

Lions were divided into groups of six and a spokesman was elected by each. Then each group offered one idea which would lead to a better community. Advised improvements included: consolidation with South Jacksonville, new industry, traffic enforcement, elm tree protection, garbage disposal, youth activities, tax revaluations, parking conditions, street lights, telephone service.

Outgoing Chamber of Commerce President Robert A. Fay opened the meeting. He presented former secretary R. Karl Baker with a cigarette case in appreciation of eight years of outstanding community service.

Ben Montee, the new Chamber of Commerce president, awarded certificates of appreciation to retiring board members George Lukeman, Jr., Harry L. Hall and Gordon Walker, all Lions.

Lion's club President Dick Lukeman conducted a short business meeting. John Furry, nominated for the district governorship at Decatur two weeks ago, thanked the Lions for their support.

The Lions tentatively decided to have another chicken fry in June. The club will attend the Brown-White Sox baseball game in St. Louis on May 28.

**Displays Three Awards Made To Legion Auxiliary**

Three certificates awarded to American Legion Auxiliary unit 279 were displayed Wednesday evening at the Legion Home. Delegates to the district convention at Petersburg June 11 were nominated.

Music by two MacMurray juniors followed the session.

The president, Mrs. Frances Davis, displayed the national citation for membership quota achievement, another for meritorious service, and a certificate of honor for the unit's work up to Feb. 1, 1952, in the eight point rehabilitation program and veterans' craft exchange.

Proposed as convention delegates were Dorothea Woods, Margaret Perry, Ange Joy, Zella Reid, and Louise Robinson; alternates, Helen Cook, Thelma Daly, Florence Vascconcellos, Bertie Spaulding and Martha Gilbert.

Mrs. Mildred Smith announced that Miss Elizabeth Agger had been selected to represent the Auxiliary at Girls State and Barbara Farrell had been chosen as alternate.

The president stated that memorial services will be held June 4. Donations were made to the Auxiliary Loan Fund and the Red Cross.

Mrs. Harriet Craver, loan fund chairman, was in charge of the program. Mary Helen Potter, the vocalist, was accompanied by Elaine Phelps at the piano.

Their selections were "Carnival," "Tell Me, Oh Blue, Blue Sky," "Take Joy Home" and "Sing a Song of Sixpence."
